UI/UX Designer

UI/UX Designer with hands-on internship experience in Figma, user flow design, and building clean, minimal interfaces. Comfortable collaborating with developers and translating design decisions into production-ready screens.

WORK EXPERIENCE

Sewaverse

09/2025 - 01/2026

UI/UX Designer Intern

- Developed 12+ high-fidelity screens for the 'Hire Sewa Provider' feature, streamlining 3 service modes to enhance user booking experience within 4 months.
- Organized payment states and confirmation flows to improve clarity across multiple service options
- Mapped and optimized user flows to reduce complexity in the booking process
- Collaborated closely with developers to ensure accurate implementation of UI designs and smooth user interactions

EDUCATION

BSc. Computer Science and Information Technology

Prime College • Khusibu, Nayabazar, Kathmandu

04/2022 - 02/2026

PROJECTS

Personal Portfolio Website

- Designed a cross-platform responsive portfolio for web, tablet, Android, and iOS
- Built reusable design components using a structured design system in Figma
- Used variables for colors, typography, and spacing to maintain consistency and scalability
- Ensured consistency and usability across multiple screen sizes through structured layouts and navigation

Curry Bar & Grill – Restaurant Landing Page

- Designed a conversion-focused landing page within a 24-hour time constraint, demonstrating rapid design and decision-making skills
- Structured user flow with sections: Hero, Menu Preview, Locations, Order CTA, Reviews, and Contact
- Applied color psychology (red, yellow, white) to enhance visual appeal and engagement
- Created UI using Figma with clean, minimal design principles
